

## KERENSKY IN PETROGRAD, FORMS TRIUMVIRATE WITH KALEDINES AND KORNILOFF

Premier's Victory Over Bolsheviks Gained Through Co-operation of Cossacks; All of Russia but Small Section of Petrograd Lost to Maximalists.

### TSARKOE-SELO FIGHT WAS KERENSKY VICTORY

By Associated Press.

LONDON, Nov. 14.—The Finnish telegraph bureau says the whole of Russia, except a small part of Petrograd is now in the hands of the provisional government. Premier Kerensky is now in Petrograd and has virtually the entire city, the announcement says.

According to these advices, which were received in a cablegram filed at Stockholm at 4 o'clock yesterday afternoon Premier Kerensky defeated the Bolsheviks at Tsarkoe-Selo. The Cossacks are reported to have destroyed the Red Guard. The telegraph lines are now in Kerensky's hands, the bureau reports.

The bureau says Moscow is the headquarters of the provisional government and that Kerensky has issued orders from Moscow which have appeared in the Petrograd papers. The anti-Bolshevik papers of Petrograd, as well as the Helingfors newspapers, have headlines announcing that the Bolshevik movement is nearing its downfall.

General Kaledines, the Cossack leader, is said to be dictator of Southern Russia. The orders of the provisional government are signed by M. Kerensky, M. Kaledines, and Gen. Korniloff.

The provisional government referred to is the government of Premier Kerensky, which the Bolsheviks attempted to overthrow.

STOCKHOLM, Nov. 14.—Premier Kerensky has entered Petrograd, according to a dispatch received from the correspondent of a Swedish news agency at Haparanda, on the Russian border.

### THIRD DETACHMENT ENTERS

AMERICAN FRONT TRENCHES WITH THE AMERICAN ARMY IN FRANCE, Nov. 14.—The second American detachment to enter the trenches have returned to their billets. The relief was accomplished successfully and without the knowledge of the Germans. The third series of battalions now is occupying the first line, having marched in on a brilliant start last night.

Among the returned troops is the company which bore the brunt of the raid on the trenches by German shock troops. The battalions in the trenches had a good taste of shell fire during the last hours, the Germans using their artillery more heavily than usual and continuing steadily, and the American batteries replying energetically.

### MAXIMALIST TROOPS

HAVE JOINED KERENSKY STOCKHOLM, Nov. 14.—The majority of Maximalist troops have joined the Premier.

### PETROGRAD POPULACE

FIGHTING BOLSHEVIKI LONDON, Nov. 14.—Travelers arriving from Petrograd, the bureau reports, say that when they left the capital, there was fighting in the streets between the Bolsheviks and the populace. The Petrograd garrison was reported to be deserting to the Bolsheviks and the allied embassies were said to have gotten in touch with the Premier. The people of Petrograd, the travelers said, were tearing down the Bolshevik proclamation and hooting their leaders on the streets.

### STOCKHOLM RUSS LEGATION

### MEN IN FIRST CLASS UNDER NEW DRAFT PLAN ALONE TO BE CALLED

Those in Other Four Divisions Will Be Summoned Only in Time of Emergency.

By Associated Press.

WASHINGTON, Nov. 14.—The five classes into which nine million registered for military duty, and those who are registered heretofore, are divided in the order in which they will be called for service, was officially announced today, in the marshal general's questionnaire which every registered man must fill out. The order shows some change from the tentative draft plan published some time ago. Contrary to some published reports it does not exempt married men as a class, but it does place married men with dependent wives and children far down on the list of eligibles. In fact the questionnaire indicates that only men of the first class will be called to the colors except in the gravest emergency (legal and medical advisory boards now being organized in every community will add the registrant in making his answer. He will indicate in what occupation he considers himself expert and from that list it is proposed to create separate groups of men trained in any particular trade should the need arise for them.

The question on the subject of dependents is framed to meet every possible circumstance and to draw out every bit of information that might be of value to the boards in fixing the class to which a man is to be assigned. No details of the status of dependents, of possible of actual sources of income, has been overlooked.

Seven days are allowed registrants after receipt of the questionnaire to fill out and return it to the local board. Officials here believe that classification by the board will be a routine process requiring little time.

The registrant, after filling in the questionnaire, indicates on the front of the class to which he believes he should be assigned. If the board agrees, there is no further action necessary by either party until the individual comes due for service and is called for examination. If the board disagrees and places the registrant in another class the machinery of appeal to the district board is set in motion automatically.

First available estimates indicate that the first of the five classes into which all draft registrants are to be divided will contain more than 2,000,000 men subject for duty before any man in any other class will be called upon.

It is regarded as practically certain that Congress will take up the question of extending the draft law to cover men who have attained the age of 21 since it was enacted. It would be done and provisions made for the registration thereof as he reaches that age it is probable that perhaps 800,000 would be added to class one automatically by next March. In that event no present plan for the army would reach the men in Class Two.

### ON FUEL COMMITTEE.

J. H. Henderson of Vanderbilt to Aid County Fuel Director.

The Fayette county fuel committee is being organized. J. G. Barbour of Uniontown, recently appointed fuel administrator for the county, has asked for volunteers in every district to aid in the administration of coal production.

J. B. Henderson of Vanderbilt and Frank M. Larkin of Magnolia have already accepted places on the county committee. Plans for the fuel administration of the county will be worked out by the committee when completed.

Colburn yesterday on a charge of malicious trespass. The information was made up by W. Leichter, a relative of Joe, who charged they trespassed on his ground in Uniontown.

## INVESTMENT IN WAR SECURITIES WILL BE SIMPLE

Plans Announced For Sales Campaign Beginning December 3.

### YIELD FOUR PER CENT

Certificates Will Mature in Five Years; Tax Exemption Provided For Thrift Stamps Will Be Sold Like the Ordinary Postage Stamps.

Special to The Courier.

WASHINGTON, Nov. 14.—Investment in War-Savings Certificates will be as simple as the purchase of postage stamps under a plan announced yesterday by Secretary McAdoo for the nation-wide certificate sales campaign which he will inaugurate on Monday, December 3, with the assistance of the War-Savings Committee which he has created, consisting of Frank A. Vanderlip of New York, chairman; Mrs. George Bass of Chicago; Frederic D. Bond of Chicago; Harry Ford of Detroit; Eugene Meyer, Jr. of New York, and Charles L. Bane of Boston.

Any person may invest amounts as small as 25 cents at any time at post offices, banks or trust companies, at most railroad stations, stores and factories and at many other public places where accredited persons will act as authorized selling agents. After the sales begin the certificates will be purchased at any time. At the average 1918 selling price such investments in certificates will yield four per cent interest compounded quarterly. The certificates will be dated January 1, 1923 or five years after date. The entire wealth and security of the United States is behind them.

The tax exemption provisions of these certificates, particularly from the standpoint of the purchaser of smaller amounts, make the investment attractive. No person may purchase at one time more than \$100.00 worth or hold at one time more than \$1,000.00 worth of these certificates.

These obligations of the United States will be evidenced by stamps of two denominations—a War-Savings Stamp costing from \$4.12 to \$4.23 according to the month in which purchased and having a maturity value of \$5.00, and a Thrift Stamp costing 25 cents.

During December, 1917, and January, 1918, War-Savings Stamps will be continued to "bare legs."

### VILLA ON JOB

Bandit Troops Fighting Mexican Government Soldiers.

By Associated Press.

PRESDIO, Tex., Nov. 14.—Fighting between Villa forces and Mexican government troops began at Ojinaga today. The attack started from the southwest and grew gradually with the approach of daylight into a constant fire of rifle shots. No artillery, machine guns or hand bombs were used in the first attack.

American patrols are guarding the road opposite Ojinaga. It is reported that bullets are falling on the American side.

Flying on the Mexican side continued all daylight. Then a machine gun from the Ojinaga garrison fired three volleys. Bullets continued to fall on the American side of the road nearest to Ojinaga.

Refugees from Ojinaga started coming across to the United States and reported the fighting was on the side of the "own." The attack apparently was against the main camp of General Luna, Cordova, one and one half miles southwest of Ojinaga.

### UNIONTOWN MILITANT ARRESTED.

Miss Elizabeth McShane is Charged With Picketing White House.

Miss Elizabeth McShane of Uniontown was one of 41 suffragists arrested for picketing the White House at Washington, D. C., last Saturday. The women were all bailed by Miss Mary Ingham of Philadelphia and at a hearing Monday morning all were convicted, but sentence was suspended.

Militants are again picketing the White House, and as fast as they line up, they are arrested. Banners are again being carried.

## TUMULT NOT JAILED AS SPY; FOOLISH RUMORS HAD BEEN CIRCULATED HERE

FIRST AMERICAN OFFICER TO BE WOUNDED IN FRANCE

President's Secretary Issues Sharp Statement, Charging Conspiracy.

### PROFAGANDISTS BLAMED

Joseph P. Tumulty, secretary to President Wilson, has not been shot or imprisoned as a spy and traitor. This will be news to people of Connellsville and the reason for rumors have spread rapidly here, that such things had happened to Mr. Tumulty. "Have you heard that Tumulty has been shot for treason?" was a common question on the street here several days ago, and similar preposterous stories have given a remarkable circulation.

The rumors have not been confined to Connellsville, however. Seemingly they were nationwide. Newspaper editors throughout the country, the government departments and even the White House itself have been bombarded recently by queries from many sections of the country concerning these stories about Mr. Tumulty. Usually the questioner wants to know whether it is true that the President's secretary has been sent to Fort Leavenworth as a spy.

Mr. Tumulty, hearing from his friends on the subject, last night issued the following statement: "For several days friends have written, telegraphed and telephoned me from all parts of the country stating that rumors are being maliciously spread alluring that I have been imprisoned at Fort Leavenworth. A series of fanciful tales are being passed from month to month by innocent persons who are the victims of a systematic and insidious propaganda to weaken confidence in officials of the Federal Government. Officials of the Department of Justice are investigating the origin of this conspiracy to deprive who have been guilty of actually stating this falsehood.

No one has been able to account for the circulation of these reports. Most of them have come out of the Middle West, and apparently they have been spread from one end of the country to the other.

### GO TO FRANCE SOON AS OFFICER'S CLERK

Detachment of 10 From Camp Lee Thirsty Treated at Hotel.

Charles A. McKevitt, with the Quartermaster's Detachment of Clerks at the Overseas Camp, Leavenworth, writes to say that he is anxiously awaiting orders to leave for France. McKevitt hopes he will be the first National Army man from Connellsville who goes to France. "There were 49 of us to leave Camp Lee," he says, "to enter the capacity of field clerks at officers at the front, rear, and everywhere. Upon our arrival on the other side of the big pond, we will be promoted to the rank of sergeant. We are anxiously awaiting the time to sail and are eager to get away soon in spite of the fine treatment at the hands of the people of New York. The women came over to the island and took our names, and asked us what we wanted in the line of entertainments and clothing. They are also having a dance for us at the Astor hotel."

### TENTH NOW 11TH

Reciment Changed From 110th: 15th Assn. Class Disbanded.

According to information from Washington, the "Fighting Tenth" regiment of which Company D is a part has again been made the 11th regiment. The Tenth was recently made the 11th when the Third Regiment of Philadelphia was absorbed. It had been planned to call the Tenth the 11th when orders were issued to disband the 11th regiment of New York. Later the name was changed to the 11th. The Third Infantry of Philadelphia will become the 11th. It is also understood that the Eighth Tenth Regiment which has been known as the 11th Regiment, will now be put into the depot brigade at Camp Hancock. This brigade is made up of surplus soldiers.

## \$320 CONTRIBUTED TO Y. M. C. A. FUND AT LEISENRING 3

War Work Fund Campaign in Dunbar Township Gets Flying Start.

### MEETING AT LEISENRING 1

Congressman Sterling Leading Speaker at Boring Rally; Census Here Will Not Start Until Tomorrow; Committee in Charge Meets Tonight.

The Y. M. C. A. war fund campaign has gotten a good start in Dunbar township, where a meeting was held at the high school at Leisenring last evening, in charge of C. B. Frank, who is handling the township campaign. The residents of Leisenring No. 3 have already contributed \$320 to the fund, the amount being collected on 34 days. The other plans are yet to be heard from.

At the meeting held at the high school at Leisenring No. 1 last evening, Congressman Bruce Sterling addressed the crowd, explaining the needs of the fund and the work being done by the Y. M. C. A. in the camps of the United States soldiers. Rev. M. J. Barker, pastor of the St. John's in the Wilderness Episcopal church of Dunbar, also spoke on the campaign being made and urged that every person contribute towards the fund.

The Dunbar township committee plans to have every working man subscribe a dollar to the fund. In this way quite a sum of money will be collected. Fifteen boys of the high school have signed to earn \$10 for the war fund.

In Connellsville a meeting of the committee in charge of the township here will be held tonight. A census of the city will be started today, but none of the men were able to get out. The committee will be in the work. With the final plans for the day completed tonight, the committee expects to devote its energies to obtaining subscriptions that will place this city well among the leaders of the country.

Every letter that is received by a soldier, endorsed by the Y. M. C. A. and counters it affords him. Most soldiers receive the ration stamps at the "Y" building, and also and most letters, where they can write at ease. The evenings, which would be lonely, are filled by entertainments staged at the Y. M. C. A. buildings.

An enthusiastic meeting was held last evening at the Springfield Methodist Church, which aroused that community to the need for a generous contribution. W. S. Leech presided and addresses were made by Judge E. H. Reppert, D. M. Herzog, and D. W. McDonald. No prayer cards were distributed, but the audience was informed that the team would be thoroughly canvassed during the coming week.

### LABOR HEEDS PLEA

Federation Orders Discontinuance of Government Workers' Strikes.

BUFFALO, N. Y., Nov. 14.—President Wilson's plea to labor to maintain unbroken all the processes of labor until Germany has been beaten received its first answer yesterday when the Building Trades Department of the American Federation of Labor ordered the discontinuance of all strikes on government work under its jurisdiction.

This action was taken after arrangements had been made for a committee of the general presidents to confer with President Wilson or other government officials for the adjustment of existing differences.

While the immediate result of the department's movement will affect only strikes on buildings that are being erected for ship-building or the manufacture of war materials, it is regarded as a precedent for the adjustment of all differences that might delay the prosecution of the government's war plans.

### FIXED \$10 EACH.

Scoutdale Squire Levies Heavy Fine on Men Not Paying War Tax.

Two men arrested on a West Penn street car were given hearings before Squire Stephen B. B. of Scoutdale Monday for refusing to pay the war tax. The fines levied on them were \$10 each. Since all men who have been in the military service on the same basis were made \$25 each.

There are only a few protests against the war tax. It is being paid by the vast majority of the population. The tax is a small one and is a small one.

## HIGH WAGES ARE EARNED AT FRICK STANDARD MINES

New Scale Gives Men Opportunity to Make More Than \$300 Month.

## RAINBOW MEN CALLED AWAY

Boys On Furlough Ordered to Return At Once to Camp at Mineola, L. I., Hunter Slights Nothing All Day But His Gun Was Broken At Noon

Special to The Courier.  
MOUNT PLEASANT, Nov. 14.—The highest salaries ever paid around a coke works in this town are being paid at the Standard mines of the Frick Coke company. Ordinarily laborers for outside work are paid \$3.30 every day, the laborer in the mine is receiving \$4.10 for his eight hours work. The men that drive in the mine and the roadmen are being paid \$4.15 a day. Before the present raise that went into effect on Monday at least two dozen of mine received \$125, \$140 and \$150 for two weeks work. This is probably the highest wages ever made by any of the men around here. While some diggers have made more money than this it is just because they have been able to reach a high mine. But \$300 is an ordinary month's pay or a direct 10th Standard mine.

Hunter Has Tough Luck.  
One of the young men of town demonstrated that a hunting was even he had some trouble to get out of for a day and then turned away into the mountains to hunt and after tramping all day and sighting nothing. In the evening as he was starting home wishing to be able to spring a joke on his friends he stopped to shoot a sparrow and only ten found that the gun he had carried all day was broken and was worthless. A matter how much more he could have shot at.

Children's Recital.  
The children of the local Y. M. C. A. Institute on Sunday afternoon had a feature at the recital which a number given by the children's chorus.

Called Back to Game.  
A telegram came yesterday calling Harry Hostettler and Clifford Cunningham back to Mineola, L. I. The men are members of the Rainbow Division and had been on a furlough. The order was given to appear in the evening as they had been called to the union.

Has Husband Arrested.  
Mr. Pete Thompson had his husband arrested charged with assault and rape and non support. They settled the case by the defendant paying costs and agreeing to pay her \$1 per week. The case was heard before Justice of the Peace L. S. Rhodes.

## ANOTHER CONNELLSVILLE CASE

It Proves That There's a Way Out for Many Victims of Game Laws.  
Just about a year ago a case in Conneltsville. Another victim case, kidney ailments, relieved in Conneltsville with Dr. Williams' Pink Pills.

T. J. Holt, blacksmith, 430 L. Taylor street, Conneltsville, Pa., writes: "I am of my work and my kidneys to become weak. I suffered from sharp pains in the small of my back and often I could hardly get up. At last I had to get several times to the hospital. I was told to take two boxes of Dr. Williams' Pink Pills entirely cured me."

Price one at all dealers. Don't simply ask for a kidney remedy—get Dr. Williams' Pink Pills—the cure that cured Mr. Holt. Joseph Williams Co. Prop., Lowell, Mass.—Ad.

## Most Old People Are Constipated

The wear of years impairs the action of the bowels. As people grow older they neglect their activity, neglect to take sufficient exercise and indulge a natural drive not to take things easy. The digestive organs become more sensitive to the demands made upon them and rebel more quickly.

It is of special importance to the health of older people that the bowels be kept normally active. A mild, yet effective, remedy for constipation and one that is especially suited to the needs of old folk, women and children, is the combination of simple laxative herbs with the name of Dr. Caldwell's Syrup Pepsin. It costs only fifty cents a bottle and should be in every family medicine chest. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 535 Washington St., Mount Cello, Illinois.

## "YIP THE LIARS"

The activities of the "Yip the Liars" are being exposed in the columns of this paper. The "Yip the Liars" are a group of men who are known for their dishonesty and their love of a good lie. They are known for their ability to lie their way out of any situation, and for their willingness to lie to anyone, even to their own families. ## The New Draft Regulations

## The Questionnaire and Its Purpose

The new army draft regulations, which are today being distributed to the local boards are designed to throw upon the registrant the burden of supplying the information on which the board is to base its selection of the registrant for military service.

To secure this information the local boards will mail to each registrant a questionnaire which is a pamphlet of 10 to 15 pages which includes questions and blank spaces for answers covering every conceivable kind of information that all he needs to fill out the questionnaire.

The questionnaire is a notice to the registrant that he is to fill out the questionnaire and to fill out the questionnaire.

To fill out the questionnaire the registrant is to fill out the questionnaire.

1917, when the existing  
draft law was passed, it was  
in any form and whose  
convictions are not  
war or participation in  
the same.

Registrants are cautioned to fill out  
no blanks in the Questionnaire until  
they have very carefully read and  
understood the regulations and in-  
structions printed on pages two and  
three. They shall then take up each  
Series I and answer all the questions  
required to be answered and sign the  
same. Then they will take up each  
of the following 11 series of questions  
in turn, answering such as are re-  
quired. Then continuing to page 11 upon  
which the above form is printed, the  
registrant will place a cross mark (X)  
in the space opposite the description  
of his status in relation to circum-  
stances which constitute the ground  
or basis for exemption or discharge.  
The registrant is not to make  
any such marks as will indicate  
every ground for exemption or later  
classification which exists in his  
case.

This is if the registrant is a single  
man without dependent relatives. He  
would make a cross mark opposite  
Class I and Class II. If a married  
man whose wife or children are  
mainly dependent upon him for  
support, and he is also a necessary  
skilled industrial laborer, he would  
make a cross mark in Class III and  
Class IV and similarly for each  
description covering his case.

The group of registrants with the  
jurisdiction of each Local Board is  
taken as the unit to be classified. The  
purpose of the Questionnaire is to  
furnish information upon which to  
classify the registrants into groups  
showing their degree of dependence  
not the order of their liability for  
service. That was the effect of the  
drawing of the serial number. The  
classification will not change if the  
order of the serial number is changed  
relative to all men not permanently  
or temporarily exempted or dis-  
charged. The effect of classification  
in Class I simple group in a  
manner of their liability and circum-  
stances are presently liable to mili-  
tary service. But a lost order of  
call to that service will not be affixed  
unless so clearly of the order of  
call already been determined by the  
national drawing. Classification in  
Class II has the effect of granting a  
temporary discharge from draft until  
all the men in that class have been  
drafted. In the manner of classification in Class III is  
a grant of temporary discharge from  
draft until Class I and II are ex-  
hausted and similarly those in  
Class IV cannot be drafted until  
Classes I, II and III are exhausted.  
Classification in Class V acts as ex-  
emption or discharge from draft and  
further liability is null except that  
if circumstances are such that the  
status of the registrant which is the  
basis of his classification. Any fact  
which might change the status of a  
registrant and is reported by him  
within five days after its happening

## SHAWANO RED MEN

Indian Remains, Trails and Mounds Are Located.

Wisconsin Lake of Same Name Was Happy Hunting Grounds and Center of Tribe's Population.

The Indian history and remains of the region about Lake Shawano and the Wolf river are discussed in the Wisconsin Archeologist in an article by George R. Fox and H. O. Younger. Lake Shawano was the center of Indian population of considerable number, and the authors of the article located trails, camp sites, mounds and other Indian remains in great abundance. Several of the old Indian legends regarding the first Indian settlement of this region are also included in the work.

Among the old trails definitely located is one which led from the Wolf river to the Wisconsin river, meeting the latter stream near Wausau. Another trail ran along the eastern shore of Lake Shawano to Mud Lake and thence to the Wisconsin river near Pulaski. A third trail ran southward to Dandridge and north to Cecil. The Fox river itself was of course the chief Indian highway.

The legends regarding the occupation of the Shawano lake country are still a part of Menominee lore and perhaps contain some facts, because the direct descendants of the first Indian settlers in this country still live. A dream of a beautiful lake, according to the legend, brought an old Indian and his family to the place which afterward became a large Indian settlement.

The mounds in the region were probably built by predecessors of the Menominees, because the latter did not bury in mounds. Some mounds were found near Pickering creek, some in the city of Shawano, and others on the wilder shores, where it is difficult to do much investigation. On Mud lake in the town of Wescott they found a group of four mounds and near the group a mound more than 35 feet in diameter.

The city of Shawano contains traces of one of the largest mound groups in the northeastern part of the state. A group of 30 or more mounds was situated at the terminus of Green lake street. Many of these have been destroyed by the tilling of fields and leveling of streets.

New Kind of Bomb. During the raid on enemy aliens in New York city, the police discovered an entirely new kind of bomb, writes a Gotham correspondent.

It consists of a finely constructed cedar box divided into two compartments. On one side is the space for the explosive, which may be dynamite or nitroglycerine. On the other side is the mechanism that discharges the fatalizing cap. A strong coil spring is released by the slightest tug on the handle of the box. When the apparatus is set merely lifting the box is sufficient to explode the contents. By inserting a small steel pin in the partition the bomb is made safe and may be carried about like a tool case. Withdrawing the pin and closing the lid means certain death to the next person who lifts it.

Just imagine what a thing like that could do in a munitions plant! Certain Tunnysaid. But he would not throw any light on the circumstances under which the bomb was found.

Evaporation Cools Food.

You can try an egg on a rack in the Imperial Valley of California by jerking the sun so the cooking, but a Rockefeller couldn't afford the price of a number of cracked ice, says the Popular Science Monthly. But this does not mean that the Californians have to do without food refrigerators. J. G. Hill of Mesa, near the Salton sea, has contrived an evaporation cooled refrigerator which requires no ice.

It has a wooden framework, and in order numerous shelves. Several layers of burlap cover it. A perforated tin can at the top is connected with hose which sprinkles water over the entire burlap surface. The evaporation keeps the interior cool.

Both Clocks Wrong.

Champ Clark has made a addition to the list of world-famous egomaniacs. In the closing minutes of the war session, the house roared its do-do for Champ to make a speech. Banging the gavel, the speaker pulled out his watch, studied it for a moment, and then remarked: "There are two clocks in this house, and both of them are wrong."

Couldn't Change Here.

Applicant—What is your daughter's name?

Mistress—Her name is Nora.

Applicant—Oh, that's too bad! I'm afraid you'll have to call her something else. My name is Nora, too.

## WORLD'S SERIES IS NO TEST OF ABILITY

Race for Bunting Is Too Brief to Display Real Strength.

The world's series, interesting as it is, does not afford a true test of the playing ability of the teams involved. Baseball clubs have often defeated star major organizations in single games, but no fan believes that the minor aggregation would stand a chance in a long series. The race for the world's bunting is too brief to give a real test of strength.

This was never better demonstrated than in the Temple cup series played just 23 years ago, October 1 to 3, 1894. The contestants were the Baltimore Orioles, pennant winners of the National league, and the New York Giants, who finished second in the race. The Orioles were undoubtedly the better team. Hamilton's men had demonstrated that fact in the regular season, which they finished with a percentage of .625, the highest in eight years.

In Hamilton the Baltimore team had one of the best pitchers in the history of the game, and the lineup included such big league "immortals" as John McGraw, Frankie Jennings, Billy Keeler and Joe Kelley. The Oriole pitching staff was composed of Gleason, Esper, Haven and Hoffman. Baltimore looked like a sure winner of the Temple cup, on the face of the returns, but the Orioles did not take a solitary one of the post-season contests. The New Yorkers made it four straight, Ames Rusie twirling two of the games for the Giants and Jonest Meekin annexing the other two. John Ward was manager of the Giants in 1894. At the beginning of the year he secured Meekin from Washington, and Catcher Duke Farrell was also bought from the same club.

Many other famous old-timers were on the Giant side. The latter was a strong combination, but they did not have the stellar talent possessed by the Orioles. Disastrous as was their experience in the Temple cup series, the Orioles came right back and captured the pennant in 1895, and again in 1896 and 1897.

## ENDING OF MINOR LEAGUES

Natural Death of Inferior Quality of National Game.

The disastrous ending of so many minor leagues during the season has been attributed, rightly or in this wrong, to war, but it appears to one inferior quality of the national game. Charles F. Slack in Troy Times in these days of swift transportation the man who has leisure to attend a baseball game wishes the best. This New York state league, which was one of the crippled institutions, has not been giving the best ball possible. In fact, not a player is to advance from the league to the majors at the close of the season. That in itself indicates that only the culs have been entertaining upstate folk during 1917 and fans used to a fast article of ball naturally would have none of it.

It is not so much the war as the quality of baseball that has been the underlying factor. Followers that have signed back from the big leagues have played on their reputation, have failed to run infield hits out, have failed to "go after the ball" unless they had a sure thing. The minor circuits should have their players take every chance, should have them be in action every time. The man that plays "a quarter" or "a half" during his half holiday delights in "seeing the other fellow work." A little more effort on the part of players in the minor leagues would gain them a lot more support from the indulgent fans.

In Position to Defy Snake.

There was an old fellow down in North Alabama and out in the mountains he kept his jug in the hole of a log. He would go down at sundown to take a swig of mountain dew—mountain dew that had never been illuminated by a revenue officer nor lured by a green stamp. He drank that liquid concoction that came fresh from the heart of the corn, and he glowed. One evening while he was letting the good liquor trickle down his throat he felt something touch his foot. He looked down and saw a big rattlesnake coiled ready to strike.

The old fellow took another swig of the corn, and in defiance he swept that snake with his eye.

"Strike, darn you strike you will never find me better prepared," Washington Post.

Sheehan Must Serve.

Tom Sheehan, former pitcher for the Athletics and this season with Atlanta, has reported to the National army in training at Camp Gordon. Sheehan was exempted by an examination board at Atlanta for "bad eyesight," but his home board, in Strator, Ill., refused such a ruling and passed the pitcher at the same time cutting Sheehan rather sharply.

## AN AMATEUR.

There, he said, pulling his shirt sleeves over his brawny arms and surveying the clothes post which had taken him the best part of the Saturday afternoon to fix in the garden; "that's as firm as a rock. Even the combined forces of the elements cannot bring it down."

Later in the day he found the pole on the ground.

"Did you do this?" he roared to his eight-year-old son.

"No, father," was the answer; "a sparrow perched on it. I saw it myself."—London Tit-Bits.

## THEATRICAL PROSPECTS.

We were talking with a theatrical manager the other day about the next season's bookings. "Are you going to give the public what it wants?" asked we.

"Well," quoth he, "we may get some pretty poor stuff, but we're not going to do that bad!"—Akron Times.

## BETWEEN BITES.

Doyle—The bees say ye licked poor Dugan. Shure, he never hurt my nial's feelins.

Doyle—Be's a snake in the grass. The blackguard referred to me as his contemporary, and I'll be the contemporary to no man alive!

## NOT WEARING WELL.

She went and married a guided youth of course she's wiser now, forsooth. She hears the folks who know him best and sees the girls wearing off.

## His Reply.

"Are you sure that you will be happy with me all your life?" she asked him.

"No," he replied. "But you are the only girl I've ever seen with whom I'd be willing to take the chance of being unhappy with."—Detroit Free Press.

## A Mystery.

"I don't see why this waiter doesn't give me better service," complained the stingy man.

"That is rather strange,"

"Yes, I've never been in her before. Therefore, how could he know that I don't intend to tip him?"

## All in the Bill.

Patient—Doctor, what I need is something to stir me up—something to put me in fighting trim. Did you put anything like that in the prescription?

Doctor—No. You will find that in the bill.—Tropica Capital.

## Where Retribution Waits.

"I can't help thinking about my friends and family," said Senator Sorghum.

"Homestead?"

"No, I'm doubtful about what they're going to say. I'm not so much homesick as I am home-scare."

## Exceptional Music.

"Don't you enjoy the music of the katydids?"

"Yes," answered Mr. Camrock. "The tune isn't much. But they can play it without causing anybody to insist on starting a dance."

## Plenty in Stock.

"I have been trying for three weeks to have a buzzer for my desk."

"Come out home with me, dear boy. There are buzzers enough there to supply your whole office."

## The Only Chance.

"Does Higgins ever tell the exact truth?"

## SMALL MINE COST DATA

Is Requested By Fuel Administrator Kuhn of the Pittsburgh District. Many Means Revised Prices.

D. W. Kuhn, fuel administrator for the Pittsburgh district, has issued a request that the operators of the many small coal mines in the Pittsburgh district and in the counties of Western Pennsylvania send him complete and accurate data as to their cost of production. If the prices already fixed are not sufficient to allow these mines to operate, Mr. Kuhn said, it is possible something will be done to relieve the situation.

Mr. Kuhn said he did not know whether this means that the small producers would be allowed a higher price for their coal than the larger producers, but he stated he knew of nothing to prevent such action, as the government had already taken steps in the south and in Illinois. Mr. Kuhn said:

"No one of these small mines in our district produces much coal, but their aggregate production may amount to 1,000 tons daily. The question is whether we are going to lose this badly needed production for the sake of maintaining an arbitrary and uniform price. Operators of these mines have complained that they could not produce coal at the prices fixed by the government. Most of these mines are not on railroads and the coal from them must be hauled out to the consumers or to the railroads. It is a very delicate situation and I do not know what will be done. The matter may be decided in a very short time, or possibly in a week."

## IMPLIED.

The young man had consulted a "medium" and was telling his friend, Mr. Henry Peck, about it.

"Did the fortune teller tell you anything interesting?" he asked.

"Oh, yes. He was very flattering."

"Did he say that you were going to be married?"

"No, he didn't mention a word about marriage."

"That's queer—they usually do. Well, what did he say about you?"

"He said I was born to command."

"Well, that means you will never be married."

## Gave Her an Opening.

"You know this shopping crusade, my dear?"

"What about it?"

"You ought to carry your packages home."

"That's right. And I could do it nicely if I had a car."—Louisville Courier-Journal.

## PACED TOO RAPIDLY.

"Waiter, ask the orchestra to play something different."

"Any particular selection, sir?"

"Something slower; I can't chew my food properly in waltz time."

Another Game.

At playing cards I felt compelled to say I've earned no glory. But, oh, the lovely hands I've held in a conservatory.

An Insult.

"That burglar insulted me."

"How?"

"He demanded my money or my life."

"Well?"

"All I had with me was sixty cents and he took that in preference to my life."

## OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head and Nose are Stuffed Up.

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffling, yawning, mucous discharge, dizziness or headache; no struggling for breath at night.

Get a small bottle of Dr. J. C. Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every pore-age of the head, soothing and healing the swollen or inflamed mucous membrane. Giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure—Adv.

## BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like calomel, and they don't irritate the bowels and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So distressing liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dizziness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "luggish" and "heavy." Notice how the "clear" clouded brain and how they "perk up" the spirits. Use and see a box. All druggists.

## Dawson.

DAWSON, Nov. 14.—William Thompson of Salem, Tenn., was a recent business caller here.

Mr. and Mrs. Richard Davidson of Dickerson Run, were recent guests of Mr. and Mrs. Arthur Feldon of North Dawson.

Word was received here from Theodore Van Horn by his parents yesterday. Van Horn is in training at Camp Gordon, he being transferred south from Camp Lee. He says he likes the south and has gained several pounds in weight since entering training camp.

Jack Luckey and Howard Smith are spending a few days hunting in the mountains.

## INVESTMENT IN WAR SECURITIES WILL BE SIMPLE

Continued from Page One.

be so for \$4.12 each. At the beginning of each of the succeeding months of 1918, starting February 1, the cost of a stamp will increase one cent per month. All War Savings stamps issued during 1918 will mature on January 1, 1920, when they will be redeemed at \$5.00 each.

The difference between the purchase price paid at any time during 1918, and \$5.00, represents the interest the government will pay the holder.

With the first War-Savings Stamp bought the purchaser will obtain without expense a War-Savings Certificate containing spaces for 30 stamps. If the 30 spaces are filled during December, 1917, or January, 1918, the cost to the purchaser will have been \$4.12 for each stamp or \$24.72 for the filled certificate and on January 1, 1920, the government will redeem the certificate at \$100.00, giving the holder a net profit of \$75.28 for the use of his money.

Thrifty stamps costing 25 cents each are from time to time as purchased to be added to Thrift Cards, which will be supplied without cost. Thrift stamps will not bear interest but a Thrift card when filled at a cost of \$4.00 may be exchanged for a War-Savings Stamp bearing interest at four per cent compounded quarterly merely by turning the card in to the postoffice, bank or other sales agency and paying the difference between \$4.00 and the current price of a War-Savings Stamp. The Thrift Stamp feature of the plan will afford an unparalleled opportunity for the small investor to save in order to place his or her money at interest with absolute safety.

The privilege of surrendering a certificate to the government and receiving the cost thereof plus interest at the rate of about three per cent has been provided for the convenience of those who may have thought certificates and later on find themselves in need of their money. It is hoped, however, that this privilege will be exercised only in cases of necessity. Upon 10 days' written notice after January 1 next postmasters will pay off certificates at their cost to purchasers plus an increase of one cent a month on each War Savings Stamp on the certificate surrendered, as shown by a table of value appearing on the certificate. Under this plan it will be absolutely impossible for a certificate or the stamps thereon to depreciate in value, nor can there ever be any question that it is worth the price shown thereon.

That is the story of the system under which the sale and redemption of War-Savings Certificates will operate. There can be no technicalities to confuse, no change of depreciation in value, nor any operations which any child who can read and count cannot comprehend.

Money derived from war savings investments will be used to meet the expenses of the war. The greater part of these funds will be expended within the borders of the United States.

## RUB YOUR BACK! STOPS LUMBAGO

Don't Drug Kidneys! Rub the Pain Right Out With Old "St. Jacob's Oil."

Back hurt? Can't straighten up without feeling sudden pains, sharp aches and twinges? No! Listen! That's lumbago, sciatica, or maybe from a strain, and you'll get blessed relief the moment you rub your back with soothing, penetrating "St. Jacob's Oil." Nothing else takes out soreness, lameness and stiffness so quickly. You simply rub it on and out comes the pain. It is perfectly harmless and doesn't burn or discolor the skin.

Lumber up! Don't suffer! Get a small trial bottle from any drug store, and after using it just once, you'll forget that you had backache, lumbago or sciatica, because your back will never hurt or cause you more misery. It never disappears and has been recommended for 60 years. Stop drugging kidneys! They don't cause backache, because they have no nerves, therefore can not cause pain.—Adv.

## GAS CO. ASKS RAISE

New Tariff of Rates Filed With Service Commission.

HARRISBURG, Nov. 14.—The Fayette County Gas company has filed with the Public Service Commission a new tariff of rates for the supply of natural gas, to become effective on December 1, 1917. The new tariff provides for an increase to consumers who desire a fixed, definite and continuous service other than in residences, stores and other like places, from 30 to 35 cents per 1,000 cubic feet.

The rates of non-preferred consumers (to whom in case of shortage service may be discontinued in order to supply other classes), are increased from 20 to 25 cents per 1,000 cubic feet per month from 24½ to 29½ cents per 1,000 cubic feet for the second 500 cubic feet per month, and from 15½ to 27½ cents per thousand cubic feet for all in excess of 300,000 cubic feet per month.

Worry is the mother of sick nervous and troubled mentality, it upsets the stomach, bowels and kidneys. You feel bad all over. Hollister's Rocky Mountain Tea soothes and freshens the stomach, bowels and kidneys. Regulates, cleanses, purifies. Tea or Tablets, 50c. Connellsville Drug Co.—Adv.

## SECRETARY OF MINERS' UNION NOW FEELS O. K.

Declares Tanlac Drove the Impurities Out of His System.

Paul P. Bugler, 211 South Beech street, Mt. Carmel, Pa., who for the past ten years has been employed at the Alaska Colliery, and who is secretary of the Alaska Local, No. 573, Miners' Union, had been in poor health until he found Tanlac, but today he says he feels like a new man. "My troubles," he said, "were indigestion and a sluggish liver. No matter what I ate it simply lodged in my stomach and fermented, causing me to belch gas, feel bloated and suffer pains in the pit of my stomach. My appetite finally left me, and I was steadily growing weaker. Gas would seem to gather around my heart, causing me terrible distress. My nerves were always on edge. I seemed to lose all energy and 'pep,' too."

"A friend recommended Tanlac, and I finally decided to try a bottle. I sleep like a top now, and say, you should see me eat! Yes, and my food digests, too. Those pains about my heart have ceased, my bowels are in excellent condition, and I feel energetic and ambitious nowadays. Tanlac is the greatest medicine in the world—that's what I think about it."

Tanlac is being sold here by the Connellsville Drug Company.

Tanlac can also be secured in Dunbar at D. C. Eason's Drug Store.—Adv.

Smithfield.

SMITHFIELD, Nov. 14.—The descendants of Jesse Williams, some time ago met at Weaver's old stand in Westmoreland county and formed an association, the object of which is to trace the genealogy of the family. C. D. Crow of Smithfield was made president of the society. He has just received a Bible from his uncle, John Lynn, of Iowa that belonged to his great-grandfather, Jesse Williams, which, on account of its antiquity and data therein contained, makes a valuable acquisition to the society, and is entitled to be classed as a relic of yesteryear. The book was printed in 1822. The book contained the church of Mount Pleasant, which the founders dominated "The Baptist Church of Jesus Christ at Mount Pleasant," the names of the founders are not given, but Matthew Lynn, Mr. Crow's grandfather, who was a die-out Christian, living in that community at the time, was supposed to be one of the founders. The covenant and declaration of principals of the founders bears date Saturday, the 15th day of November in the year of our Lord, 1828. C. D. Crow's mother, Mrs. William Crow, was a daughter of Matthew Lynn, and is still living at the age of 84, at Point Marion, and is in feeble health. Her son, C. D. Crow, visited her Tuesday and took the old Bible above referred to, which she had a great desire to see.

Ernest Young of Point Marion, was a business visitor here Tuesday.

W. L. Stewart of Out Crop, was a business visitor here Tuesday.

Homer Huhn, son of Mr. and Mrs. J. C. Huhn, has enlisted as a mechanic in the aviation corps. He left Saturday for the training grounds. He served an apprenticeship with the Westinghouse and is a first class mechanic. Before enlisting he was employed in the E. L. Downey & Sons garage here.

Rev. Ralph Bell is holding weekly prayer meetings at the home of his older members who on account of age and infirmities, are not able to attend the regular services of the church. They met with Mrs. J. C. Huhn Monday evening.

## Heal Skin Diseases

It is unnecessary for you to suffer with eczema, blotches, ringworm, rashes and similar skin troubles. A little Zemo, obtained at any drug store for 35c, or \$1.00 for extra large bottle, and promptly applied will usually give instant relief from itching and burning. It cleanses and soothes the skin and heals quickly and effectively most skin diseases.

Zemo is a wonderful, penetrating, disappearing liquid and is soothing to the most inflamed skin. It is not greasy, is easily applied and costs little. Get it today and save all further distress.

## OFFERED HOUSE AND LOT CHEAP

There Was No String to It, But the Lot Had No Real Estate Value.

Away back in the days of Joe Miller somebody offered a house and lot for something like a couple of dollars. In those days this was considered some offer, until it was discovered that the "house and lot" consisted of a dog house and a lot of pups.

So there are offers, and offers, but the Courier makes an offer that collapses all others. It presents the Very Sharp Self-Shaving Outfit which contains everything you need for shaving except the lather. It is presented on the popular coupon plan, as explained elsewhere in today's paper.

There's no further excuse for "stubble" faces, for this always-ready outfit can be had for the expense of a few shaves, and it assures a "clean" face every day if you want it. No waiting, no trouble, no time and no money, when you shave yourself. Just clip that coupon.

## Continuing the Sale of Advanced Styles in Silk and Serge Dresses

Regular \$19.75. \$22.50  
and \$25 Values Special  
\$15.00

A recent special purchase of ladies' and misses' dresses designed particularly for street and afternoon wear.

The savings of \$1.75, \$7.50 and even \$10 are such as only a big business like this can command—and then but seldom. So it's a wise woman who buys now while such unusual savings are possible.

Materials, Styles and Colorings

Loosely draped and light-fitting effects smartly developed in satin, serge, alfalfa, georgette, crepe de chine and various combinations of these same materials. Button, wool embroidery, silk embroidery and self-trimmings. Choice of many desirable shades.

A Smart Velvet Handbag to Match Your Suit

Pretty things of soft velvets made on self-covered frames with lovely linings.

They all have small purse and mirror inside and come in such good colors as—blue, taupe, brown and black, some with a tassel swinging from the bottom. Their price tags are marked \$3.50 to \$9.00.

These Two Inseparable

New Winter Hats

And New Veilings

Every new hat is interested in a new veil, and the prettiest new veilings that one could possibly wish for have come in to add to the becomingness of new hats.

Heavier hexagon meshes with the most delicate of floral borders, at 50c to \$5 a yard.

Some very lovely made veils have border scrolls, picked out with chenille dots, and a new silk dot like a tiny rose, green on a blue mesh.

Prices are \$1.50 to \$2.50 each.

Warmth, Comfort, Style in

These New Ideas

Ladies' Sweaters

There was a time when sweaters were designed for comfort and warmth alone, but along came so many new ideas and improved styles that now no well dressed woman's wardrobe is complete without at least one.

These new ideas are here, expressed in every desirable color and combination. Heavy wool sweaters, light pure silk sweaters, cash effects, belt effects, military effects, and many different styles of colors. Prices range from \$1 up to \$45. Favorite styles at \$10, \$12.50 and \$17.

We Have Enough Good Sound Hosiery

to keep supplying our customers up until the New Year and there will be no rise in prices on these socks in hand. This statement applies to all practical, every-day kinds of stockings and to plain silk stockings, of which there is plentiful variety and prices not high. But people who are particular about having certain kinds should make their choice immediately, as these varieties are likely to sell down with no prospect of replacing them. Fine silk stockings for Christmas gifts should be bought at once.

America First in Making Fine Corsets

Let Paris claim all honor due her for the foremost originator of styles in millinery and other apparel. But in the matter of corsets America is easily first. No other country has achieved such advancement in style. No other country has so successfully combined style, comfort and serviceability. No other country has so successfully met all hygienic and health requirements.

As examples of this greater excellence in American-made Corsets we pin our faith and business judgment to those bearing the names WARNER and REDFERN.

Warner Corsets

\$1 \$2 \$3

Models in plain and brocaded materials to meet every requirement of style and perfect fit. Your choice of pink or white. Every Warner Redfern Corset must give satisfaction, for every Warner is guaranteed.

Redfern Corsets

\$3 \$4 \$5

A Redfern fits so well as a result of its accurate design, that it is only felt for its comfortable support. Buy Redfern and get the maximum in Corset value whether on pay \$2, \$4, \$6 or any price falling between.
